## TELEGRAPHIC NEWS

**Money-Market.**  
Paris, 26.—The husband of Christine Nilsson was mistaken in supposing speculation had lost him his entire fortune. He became insane over fancied losses and imaginary ruin. He is now in an asylum winning airy millions by fantastic rises in securities.

**The Dakota Bill.**  
Washington, 27.—The sub-territorial committee agreed, 4 to 1, to the bill to divide Dakota into two territories. Dugro (N. Y.) cast the negative vote, regarding the bill as a republican measure, but he admits the full committee will favorably report, and the House will pass the bill.

**Irishisms.**  
Dublin, 26.—Another infantry regiment is suddenly ordered here from England. The imprisoned members of Parliament intend to resign that their successors may be selected before a division in the House takes place relative to the closure.

Dillon's illness is reported alarming. He refuses conditional release. London, 27.—A dispatch from Dublin says Lloyd, magistrate of Clare, Limerick and Cork Counties, has informed the authorities of a widespread and dangerous conspiracy in his district, an informer having revealed all the plans of the secret association engaged in it.

**Cable Clicks.**  
Vienna, 27.—Many Austrian gendarmes in Herzegovina have deserted, owing to insurgents committing barbarous cruelties upon captives. Berlin, 27.—Emperor William specially thanked Bismarck for his defense of the imperial rescript, in the Reichstag on Tuesday.

Great indignation is excited among members of the Reichstag by an article in the North German Gazette bitterly attacking Hasenel, who attacked the rescript in a speech before the Reichstag. Paris, 27.—There is a report that President Grevy has sent for Defreyne and Leon Say.

Gold in the Bank of France since the last report has increased 111,222,000 francs, and silver 93,072,000 francs. Geneva, 26.—The Bourse here is deeply implicated in the Paris crisis, and a panic prevails. Several failures have occurred. One banking firm lost 500,000 francs. The losses of promiscuous speculators aggregate an enormous amount.

Constantinople, 27.—England and France have given reassuring explanations to all the powers concerning their collective note to the Khedive of Egypt, and it is believed the affair will be settled without further diplomatic communications.

**Blaine's South American Policy.**  
New York, 27.—A Herald Washington special says Blaine's belligerent South American policy has been reversed by President Arthur. Trevelyan has been instructed not to make the dictatorial demands on Chili which Blaine had ordered. Martinez, Chilean minister here, has given official assurance to Secretary Frelinghuysen that his government meant no affront to the United States by the removal of Calderon, from Lima. General Hurlbut is called home and should be now on his way. It is high time for all this, as is shown by the extraordinary correspondence, regarding Chili and Peru, sent to Congress yesterday, by the President. The publication of the correspondence has brought out considerable adverse newspaper criticism, with regard to Blaine's course in the matter. The Herald regards Blaine's action as dishonorable, and says that it was not diplomacy but simple vulgar intrigue. He had a great trust and misused it basely. After Garfield was disabled he planned and secretly carried on a policy which no honorable statesman like Garfield would have tolerated, which the country would not have approved, and which Garfield's successor fortunately discovered, and reversed in time to save the United States.

The Times says the country will read Blaine's instructions to Trevelyan, with amazement, not unmixed with a sense of relief that the unstable policy of Blaine was arrested at a critical moment barely in time to avert its inevitable and lamentable consequences. The diplomatic correspondence sent to Congress tells a strange story of folly and rashness, in which Blaine appears as an actor of the most discreditable character for the nation.

The World says: Blaine contrived to get himself into hot water with pretty nearly every nation connected with southern affairs, and that Frelinghuysen may well thank his stars, as well as the half dozen gentlemen now representing the United States between Cape Horn and the Isthmus of Panama, that Arthur took the peremptory stand he did.
